

Schoolhire Solutions Ltd

Our Story

Schoolhire Solutions Ltd was established in September 2012 with a vision to improve and develop lettings within schools, giving the local communities access to the fantastic facilities schools have to offer. We remove the responsibility from the school in finding suitable hirers for their facilities, turning their spaces into much needed revenue. In addition to providing a perfect environment for local groups and clubs, who are fortunate enough to benefit from the use of these spaces.

We oversee the entire process from staffing, marketing, advertising, revenue collection and monthly remittance to safeguarding.

Each venue is considered on an individual basis, our team works hard to understand and consider each school's priorities. Our staff are friendly, efficient and professional and are here to support you.

Our Partners

We couldn't do what we do without our venue partners around the UK.

Schoolhire Solutions provides your venue with a beautiful listing, putting your space in prime position to access as many potential bookings as possible.

Our team of dedicated sales and support managers are here to help you along the way, committed to providing you with the best experience.

Testimonials

We have used School Hire Solutions for a number of years, and the service they provide is faultless. We would not know anyone had even been in the school when we return the next day. Their communication is excellent.

Laura Rodger – Head Teacher @ Bandon Hill Primary School

From the first minute the attention to detail Schoolhire Solution applied was excellent and the staff are reliable and trustworthy. We are so very pleased with the service they provide.

David Taylor – Head Teacher @ Stanley Park High

A really professional company that are easy to approach and understand what we need as a hirer. We wouldn't hesitate to recommend them to all schools if you want an organised, reliable and efficient company.

Kayley Reive – Director @ Future Gymnastics

A very good company who have excellent Site Assistants to help us organise the classrooms we need for our session. They are always on time and are very polite and helpful. Schoolhire Solutions as a company are fantastic.
